Water Operator Apprentice

Responsibilities include performing entry level tasks related to the construction & maintenance of water distribution systems and facilities.

Essential job functions include:

- Ensure water quality through assisting with collection of water samples, completion of water testing procedures and maintenance of testing logs.
- Maintain water distribution and transmission system equipment by repairing leaks, greasing pumps, and flushing hydrants
- Assist with water meter installations, back flow testing, and inspection of water main construction
- Perform routine maintenance of properties
- Follow all safety regulations related to shop and field work activities.

This position requires a High School Education or equivalent, Minnesota Class C Water Operator Certification, & Commercial Driver's License.

Submit resume and application by 3/5/21 to HR@shakopeeutilities.com or mail to Shakopee Public Utilities, Attn: Human Resources, PO Box 470, 255 Sarazin Street, Shakopee, MN 55379-0470. For an application form, visit our web site at www.shakopeeutilities.com.
