

Shakopee Public Utilities

**STANDARD TERMS AND CONDITIONS
TO
RECEIVE MUNICIPAL WATER SERVICE**

1. The developer/customer must make a written request for service that identifies the property in question along with the name, telephone number, and address of a contact.
2. The developer/customer shall submit for approval construction plans for a water main distribution system designed in accordance with the Water Main Design Criteria adopted by the Utilities Commission. The developer/customer shall apply for the required State of MN Department of Health permit. The developer/customer shall include the engineer's estimate of the installed water main cost.
3. The developer/customer shall install the water main distribution system as approved by the General Manager.
4. The developer/customer shall pay all Shakopee Public Utilities associated water main plan review and construction inspection costs. The developer/customer shall pay a cash deposit, prior to plan approval, equal to **8.5%** of the engineer's estimate of the installed watermain cost.
5. The developer/customer shall pay a Trunk Water Charge, prior to plan approval, in accordance with the Trunk Water Policy adopted by the Utilities Commission. The current rate is equal to **\$6251.00** per net acre, and is subject to change without notice.
6. The Utilities Commission will pay any oversizing costs per standard policy. The developer/customer shall submit a cost estimate, prior to plan approval, of the oversizing. After installation, actual cost data is required for oversizing payment.
7. The developer/customer shall submit "as-built" record drawings, prior to system acceptance, of the completed water main distribution system to Shakopee Public Utilities.
8. The Water Capacity Charge must be paid, prior to receiving service, in accordance with the Water Capacity Policy adopted by the Utilities Commission. The current rate is equal to **\$6,098.00** per equivalent SAC unit, plus **14.4** cents per square foot for industrial use only, and is subject to change without notice.

I have read, understand and agree to the above standard terms and conditions to receive municipal water service.
